

EngagementTrack™ Showcase Song

"Forever Starts With You"

From Robert to Isabella

Verse 1

Isabella, I still remember,
The first time your smile lit the dark.
Every moment's been a stepping stone,
Leading me here, to open my heart.

Pre-Chorus

Every road I've traveled, every dream come true,
Has been brighter, love, since I found you.

Chorus

So take my hand tonight,
Underneath this endless sky,
I've only got one vow to prove —
Forever starts with you.
Will you say yes, my love?
Make my every day brand new,
I've waited all my life to move
To forever... with you.

Verse 2

Through the laughter and the quiet tears,
You've been my compass, strong and true.
All I want is to spend my years,
Waking each morning beside you.

Pre-Chorus

Every road I've traveled, every dream come true,
Has been brighter, love, since I found you.

Chorus

So take my hand tonight,
Underneath this endless sky,
I've only got one vow to prove —
Forever starts with you.
Will you say yes, my love?
Make my every day brand new,
I've waited all my life to move
To forever... with you.

Bridge

Here on bended knee I stand,
With a promise in my hand.
Isabella, say you'll stay,
And let our forever begin today.

Final Chorus

Take my hand tonight,
Underneath this endless sky,
The only truth I ever knew —
Forever starts with you.
So will you say yes, my love?
Make this dream of mine come true,
I've waited all my life to move
To forever... with you.

Outro

Forever starts with you... Isabella.
